A Year Without "Made in China" provides you with a thought-provoking and thoroughly entertaining account of how the most populous nation on Earth influences almost every aspect of our daily lives. Drawing on her years as an award-winning journalist, author Sara Bongiorno fills this book with engaging stories and anecdotes of her family's attempt to outrun China's reach-by boycotting Chinese made products-and does a remarkable job of taking a decidedly big-picture issue and breaking it down to a personal level.

If you could see into the future - would you look? Jenni Green doesn't have a choice. On her way to visit her best friend, Autumn, Jenni suddenly finds she's been transported exactly one year forward in time. Now she discovers that in the year that's gone by, tragedy has struck and her friendship with Autumn will never be the same again. But what caused the tragedy? How did Jenni skip a year? And can she find her way back to the past to try to change what lies ahead? With humour - and her customary light touch - the author of the EMILY WINDSNAP books plays a fascinating game with time, and explores the changes that take place in friendships and families in the aftermath of a disaster.

A Lambda Literary Award Finalist: from "an extraordinary new voice," a "passionate and clear-eyed and unputdownable" meditation on queerness, family, and desire (Mary Karr). For as long as they can remember, Cyrus Grace Dunham felt like a visitor in their own body. Their life was a series of imitations-lovable little girl, daughter, sister, young gay woman-until their profound sense of alienation became intolerable. Moving between Grace and Cyrus, Dunham brings us inside the chrysalis of gender transition, asking us to bear witness to an uncertain and exhilarating process that troubles our most basic assumptions about who we are and how we are constituted. Written with disarming emotional intensity in a voice uniquely theirs, A Year Without a Name is a potent, thrillingly unresolved queer coming of age story. Named one of Fall 2019's Most Anticipated Books by: Time NYLON Vogue ELLE Buzzfeed Bustle O Magazine Harper's Bazaar

Seeking love in an age obsessed with sex, a journalist chronicles her year without On the eve of her thirtieth birthday, Hephzibah Anderson glimpsed her college boyfriend going into a jewelry store with a smiling blonde-and in that moment realized it had been years since a man told her he loved her. This discovery led her to question a decade of emotionally frustrating relationships with commitment phobes. As she examined her past, she recognized that most of these relationships went off course at the precise moment sex was involved. Anderson decided it was time to spend a full year without sex to rediscover its meaning and purpose in her life. In this confessional account, Anderson shares the results of that year, narrating each month as she flirts, dates, and swoons but doesn't have sex. The results-her feelings about femininity, her body, and romance-are illuminating. Told with Elizabeth Gilbertesque candor, Chastened reveals much about our contradictory cultural attitudes towards sex and the ways intercourse has been used as a shortcut to deeper intimacies. An antidote to the growing genre of another-notch-in-the-bedpost memoirs, Chastened is a refreshing look at what's to be gained by going without.

For fans of the New York Times bestseller I Quit Sugar or Katie Couric's controversial food industry documentary Fed Up, A Year of No Sugar is a "delightfully readable account of how [one family] survived a yearlong sugar-free diet and lived to tell the tale...A funny, intelligent, and informative memoir." -Kirkus It's dinnertime. Do you know where your sugar is coming from? Most likely everywhere. Sure, it's in ice cream and cookies, but what scared Eve O. Schaub was the secret world of sugar-hidden in bacon, crackers, salad dressing, pasta sauce, chicken broth, and baby food. With her eyes opened by the work of obesity expert Dr. Robert Lustig and others, Eve challenged her husband and two school-age daughters to join her on a quest to quit sugar for an entire year. Along the way, Eve uncovered the real costs of our sugar-heavy American diet-including diabetes, obesity, and increased incidences of health problems such as heart disease and cancer. The stories, tips, and recipes she shares throw fresh light on questionable nutritional advice we've been following for years and show that it is possible to eat at restaurants and go grocery shopping-with less and even no added sugar. Year of No Sugar is what the conversation about "kicking the sugar addiction" looks like for a real American family-a roller coaster of unexpected discoveries and challenges. "As an outspoken advocate for healthy eating, I found Schaub's book to shine a much-needed spotlight on an aspect of American culture that is making us sick, fat, and unhappy, and it does so with wit and warmth."-Suvir Sara, author of Indian Home Cooking "Delicious and compelling, her book is just about the best sugar substitute I've ever encountered."-Pulitzer Prize-winning author Ron Powers
