Importance of a Feasibility Study When Setting up a Hotel ...

A feasibility review ensures a proposed study has an improved chance of being successfully completed. It considers the tasks and the activities outlined in a clinical research protocol, which describes the patient population, recruitment, trial timeline, study procedures and involvement of human subjects. The aim of a feasibility review is to confirm that the Trust can deliver the study prior to research governance commencing, and should be considered the first step in setting up your project.

proposed project or system. A feasibility study aims to objectively and rationally uncover the strengths and weaknesses of an existing business or proposed venture, opportunities and threats present in the natural environment, the resources required to carry through, and ultimately the prospects for success. In its simplest terms, the two criteria to judge feasibility are cost required and value to be attained. A well-designed feasibi
