Berlin, Summer 2011. Adolf Hitler wakes up on a patch of open ground, alive and well. Things have changed - no Eva Braun, no Nazi party, no war. Hitler barely recognises his beloved Fatherland, filled with immigrants and run by a woman. People certainly recognise him, albeit as a flawless impersonator who refuses to break character. The unthinkable, the inevitable happens, and the ranting ...

Look Who's Back by Timur Vermes | Audiobook | Audible.com

Look Who's Back is a cutting satire on modern media-bloated, celebrity-obsessed society, seen through the eyes of Adolf Hitler. Adolf Hitler wakes up on a patch of open ground, alive and well. It is the Summer of 2011 and things have changed - no Eva Braun, no Nazi party, no war.

"What would happen if Adolf Hitler woke up in modern-day Berlin? In a bestselling satirical novel, he'd end up a TV comedy star . . . [Look Who's Back] has unsurprisingly sparked debate in a country that has grappled for decades with Hitler's unconscionable legacy."-Time Timur Vermes' record-breaking bestseller, Look Who's Back, is a satirical novel that imagines what would happen if Hilter reawakened in present-day Germany. The book was a massive success in Germany, selling more than 1.5 million copies. Janet Maslin of The New York Times called Look Who's Back "desperately funny . . . an ingenious comedy of errors." In the novel, Adolf Hitler wakes up in 2011 from a 66-year sleep in his subterranean Berlin bunker to find the Germany he knew entirely changed: Internet-driven media spreads ideas in minutes and fumes celebrity obsession; immigration has produced multicultural neighborhoods bringing together people of varying race, ethnicity, and religion; and the most powerful person in government is a woman. Hitler is immediately recognized . . . as an impersonator of uncommon skill. The public assumes the fulminating leader of the Nazi party is a performer who is always in character, and soon his inevitable viral appeal begets YouTube stardom, begets television celebrity on a Turkish-born comedian's show. His bigoted rants are mistaken for a theatrical satire-exposing prejudice and misrepresentation-and his media success emboldens Hitler to start his own political party, and set the country he finds a shambles back to rights. With daring and dark humor, Look Who's Back skewers the absurdity and depravity of the cult of personality in modern media culture.

A Newbery Honor Book author has written a powerful and gripping novel about a youth in Nazi Germany who tells the truth about Hitler.

When other girls her age were experiencing their first crushes, Melissa Sue Anderson was receiving handwritten marriage proposals from fans as young, and younger, than she was. When other girls were dreaming of their first kiss, Melissa was struggling through hers in front of a camera. From age eleven in 1974 until she left the show in 1981, Melissa Anderson literally grew up before the viewers of Little House on the Prairie. Melissa, as Mary, is remembered by many as "the blind sister"—and she was the only actor in the series to be nominated for an Emmy. In *The Way I See It*, she takes readers onto the set and inside the world of the iconic series created by Michael Landon, who, Melissa discovered, was not perfect, as much as he tried to be. In this memoir she also shares her memories of working with guest stars like Todd Bridges, Mariette Hartley, Sean Penn, Patricia Neal, and Johnny Cash. In addition to stories of life on the set, Melissa offers revealing looks at her relationships off-set with her costars, including the other Melissa (Melissa Gilbert) and Alison Arnglim, who portrayed Nellie Oleson on the show. And she relates stories of her guest appearances on iconic programs such as *The Love Boat* and *The Brady Bunch*. Filled with personal, revealing anecdotes and memorabilia from the Little House years, this book is also a portrait of a child star who became a successful adult actress and a successful adult. These are stories from "the other Ingalls sister" that have never been told.

In the iconic film by Robert Zemeckis and Bob Gale, teenaged Marty McFly travels back in time from the 1980s to the 1950s, changing the path of his parents' destiny . . . as well as his own. Now fans of the movie can journey back even further—to the 16th century, when the Bard of Avon unveils his latest masterpiece: William Shakespeare's *Get Thee Back to the Future!* Every scene and line of dialogue from the hit movie is re-created with authentic Shakespearean rhyme, meter, and stage directions. This reimagining also includes jokes and Easter eggs for movie fans, from Huey Lewis call-outs to the inner thoughts of Einstein (the dog). By the time you've finished reading, you'll be convinced that Shakespeare had a time-

traveling DeLorean of his own, speeding to our era so he could pen this time-tossed tale.

David Mitchell, who you may know for his inappropriate anger on every TV panel show except Never Mind the Buzzcocks, his look of permanent discomfort on C4 sex comedy Peep Show, his online commenter-baiting in The Observer or just for wearing a stick-on moustache in That Mitchell and Webb Look, has written a book about his life.

Explains how to achieve personal and professional goals by building close, trusting relationships with others that help facilitate creative feedback, encouragement, and long-term success.

In the Swedish criminal justice system, certain cases are considered especially strange and difficult, in Malmö, the dedicated detectives who investigate these crimes are members of an elite squad known as the Sensitive Crimes Division. These are their stories. The first case: the small matter of a man stabbed in the back of the knee. Who would perpetrate such a crime and why? Next: a young woman's imaginary boyfriend goes missing. But how on earth do you search for someone who doesn't exist? And in the final investigation: eerie secrets that are revealed under a full moon may not seem so supernatural in the light of day. No case is too unusual, too complicated, or too, well insignificant for this squad to solve. The team: Ulf "the Wolf" Varg, the top dog, thoughtful and diligent; Anna Bengsdotter, who's in love with Varg's car (and possibly Varg too); Carl Holgersson, who likes nothing more than filling out paperwork; and Erik Nykvist, who is deeply committed to fly fishing. With the help of a rather verbose local police officer, this crack team gets to the bottom of cases other detectives can't or won't bother to handle. Equal parts hilarious and heartening, The Department of Sensitive Crimes is a tour de farce from a true master.

"McCarten's pulse-pounding narrative transports the reader to those springtime weeks in 1940 when the fate of the world rested on the shoulders of Winston Churchill. A true story thrillingly told. Thoroughly researched and compulsively readable."—Michael F. Bishop, Executive Director of the International Churchill Society From the acclaimed novelist and screenwriter of The Theory of Everything comes a revelatory look at the period immediately following Winston Churchill's ascendancy to Prime Minister—now a major motion picture starring Gary Oldman. "He was speaking to the nation, the world, and indeed to history..." May, 1940. Britain is at war. The horrors of blitzkrieg have seen one western European democracy after another fall in rapid succession to Nazi boot and shell. Invasion seems mere hours away. Just days after becoming Prime Minister, Winston Churchill must deal with this horror—as well as a skeptical King, a party plotting against him, and an unprepared public. Pen in hand and typist-secretary at the ready, how could he change the mood and shore up the will of a nervous people? In this gripping day-by-day, often hour-by-hour account of how an often uncertain Churchill turned Britain around, the celebrated Bafta-winning writer Anthony McCarten exposes sides of the great man never seen before. He reveals how he practiced and re-wrote his key speeches, from 'Blood, toil, tears and sweat' to 'We shall fight on the beaches'; his consideration of a peace treaty with Nazi Germany, and his underappreciated role in the Dunkirk evacuation; and, above all, how 25 days helped make one man an icon. Using never-before-accessed archive material, McCarten reveals the crucial behind-the-scenes moments that changed the course of history. It's a scarier—and more human—story than has ever been told.

Struggling through early sobriety when his AA sponsor is murdered, police officer Cody Hoyt follows clues that point to a Yellowstone National Park guide who is leading Hoyt's son and other tourists into the wilderness.
