Little Learning Labs: Unofficial Minecraft for Kids--an abridged edition of Unofficial Minecraft Lab for Kids--offers a variety of creative exercises that explore the game through fun, educational lessons. Activities selected from an Amazon Best Kids' Books of 2016 pick! Balancing your child's screen time can be difficult, especially when it comes to wildly popular, open-ended video games like Minecraft. Minecraft offers players an environment focused on exploration, imagination, and creation, but its nonlinear game structure can mean spending a lot of time in the game. You will start the book by brushing up on some common Minecraft terminology and examining the two main modes of game play: creative and survival. You'll then use this knowledge to venture off onto the six different quests that combine out-of-game and in-game activities and encourage child and adult participation. You'll even learn how to screencast and narrate your own videos to share with family and friends. Little Learning Labs: Unofficial Minecraft for Kids provides fun, educational gaming goals that you and your child can reach together!

Provides readers with tips, techniques, and strategies for Minecraft, including how to register for the game, customize the experience, and create new worlds.

The Ultimate Player's Guide to LEGO® Dimensions™, Unofficial Guide Your Adventure Begins! Find out about the biggest-selling games, the highest scores, and the world's most amazing gamers. Read about the latest hardware developments in the battle of the eight-generation consoles, and explore the most exciting news stories across all the major gaming genres.

Best-selling author Rick Riordan presents a brilliant sci-fi romp with Cuban influence that poses this question: What would you do if you had the power to reach through time and space and retrieve anything you want, including your mother, who is no longer living (in this universe, anyway)? How did a raw chicken get inside Yasmany's locker? When Sal Vidon meets Gabi Real for the first time, it isn't under the best of circumstances. Sal is in the principal's office for the third time in three days, and it's still the first week of school. Gabi, student council president and editor of the school paper, is there to support her friend Yasmany, who just picked a fight with Sal. She is determined to prove that somehow, Sal planted a raw chicken in Yasmany's locker, even though nobody saw him do it and the bloody poultry has since mysteriously disappeared. Sal prides himself on being an excellent magician, but for this sleight of hand, he relied on a talent no one would guess . . . except maybe Gabi, whose sharp eyes never miss a trick. When Gabi learns that he's capable of conjuring things much bigger than a chicken--including his dead mother--and she takes it all in stride, Sal knows that she is someone he can work with. There's only one slight problem: their manipulation of time and space could put the entire universe at risk. A sassy entropy sweeper, a documentary about wedgies, a principal who wears a Venetian bauta mask, and heaping platefuls of Cuban food are just some of the delights that await in his mind-blowing novel gift-wrapped in love and laughter.

For the past three decades, many history professors have allowed their biases to distort the way America’s past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America’s patriots and the achievements of “dead white men.” As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot’s History of the United States corrects those doctrinaire biases. In this groundbreaking book, America’s discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America’s true and proud history.
