The Underachieving Ovary

The Facts of the Seth Rich Murder That Don ' t Support Conspiracy Theories Our David French with what needs to be known and said about the murder of Seth Rich: The conspiracy is based on a true ...

Will there be light at the end of the birth canal? Does the word 'endometriosis' make you want to stick a fork in your eye? No? Then perhaps this book isn't for you. It's funny, and (sometimes alarmingly) frank. It contains an impressive array of synonyms for 'vagina' and it's certainly NSFW. It's about having a devil womb and a hot knife lodged in a shoulder. It's about becoming blackly bitter and twisted in infertility, then slowly finding a way to untwist. It's part memoir, part dark comedy, wrapped up loosely as a journal full of TMI and quirk. Put it this way: If Helen Fielding and Marian Keyes were to go through IVF, and use Caitlin Moran as a surrogate, this book would be their baby.

This book, titled *Hilariously Infertile*, is on a mission to make others who have struggled with infertility, laugh (perhaps while their feet are still in the stirrups and their vaginas are enjoying the fresh air of the fertility clinic). It is a comedic, self-deprecating, look into the harsh, scary, and often sad world of infertility. *Hilariously Infertile* will make you laugh out loud while wishing you could have a glass of wine with the author and discuss how you relate to her story is. The author pokes fun at the infertility world, with jokes, such as, equating the constant gynecological exams to her sluttiest days in college, and wondering if her husband will be home in time to stick it (the IVF ass shot) into her butt. We follow the author's journey from trying to conceive on her own, discovering she is infertile, getting pregnant, and then doing it all again for her second child. The entire journey is marked with uproarious scenes that any woman who has ever been to the gynecologist can identify with. At times, the author's candor will surely lead the reader to conclude that the outlandish stories cannot be true. But they are, all of them. Included in the journey is a chapter on being a new mom. This chapter is funny and real. It does not boast about being a parent, to those who still may be on that path; rather, it speaks candidly about the adjustment to a new life that the author worked hard to achieve, via fertility treatments, and yet still was not ready for. There is no filter for the author of *Hilariously Infertile*. This book tells it like it is, from sex, to infertility, to being a mother and a wife. If you have thought it somewhere deep down inside, this book says it aloud.

A memorable and moving page-turner about two very different women, each yearning to create a family of her own What if the thing you most longed for was resting on a two week wait? From the author of the international bestselling *One Moment, One Morning*, comes a moving portrait about what it truly means to be a family. After a health scare, Brighton-based Lou is forced to confront the fact that her time to have a baby is running out. She can't imagine a future without children, but her partner doesn't seem to feel the

same way, and she's not sure whether she could go it alone. Meanwhile, in Yorkshire, Cath is longing to start a family with her husband, Rich. No one would be happier to have children than Rich, but Cath is infertile. Could these strangers help one another? With her deft exploration of raw emotions and her celebration of the joy and resilience of friendship, *The Two Week Wait* is Sarah Rayner at her best.

Dale struggles to face the challenges that come after her grandmother's death in the latest tale from Hill, author of more than 100 wholesome books about adventure, romance, and the heartwarming triumphs of people faced with the problems of life and love.

Your quick guide to navigating the world of infertility and all the bumps (or, in this case, lack of bumps) along the way. Because when someone you love is having trouble getting pregnant, or going through IVF, it can be tough to know how to help. You may offer advice, tell them to relax or ignore it's happening altogether. Good plan, right?! Not exactly... though you have the best intentions at heart and truly mean well, you may be missing the mark. But, fear not! This book is your crash-course in supporting your person through their journey to baby. From IVF to IUI and all the awkward conversations and confusing medical procedures in between. *The Waiting Line* breaks it down in a simple, quick-read that will leave you empowered, confident and ready to truly help.

PRAISE FOR THE WAITING LINE "This book is a much needed guide for family and friends who have a loved one dealing with infertility. There have been a number of times in my life where I could have really benefited from the wisdom shared in this book. The book is an easy read and the author speaks from experience with such heart to her audience, making the book much more relatable." -Maria Dismondy, Cardinal Rule Press Publishing House & Children's Book Author

"Like advice from a caring friend.

This little e-book packs a lot of great advice! I loved the "conversational" format as it made me feel like I was talking with a non-judgmental friend. It's hard to know the best way to support someone you care for who's dealing with infertility. The author intersperses humor and understanding in discussion of this sensitive subject. This approach relieves the reader of any guilt for past mistakes and builds confidence for saying and doing the right thing when offering support. I will definitely use this caring advice as my guide if needed in the future." -C.R. Grand Rapids, MI

This book is published open access under a CC BY 4.0 license. This open access book provides an overview of childlessness throughout Europe. It offers a collection of papers written by leading demographers and sociologists that examine contexts, causes, and consequences of childlessness in countries throughout the region. The book features data from all over Europe. It specifically highlights patterns of childlessness in Germany, France, the United Kingdom, Finland, Sweden, Austria and Switzerland. An additional chapter on childlessness in the United States puts the European experience in perspective. The book offers readers such insights as the determinants of lifelong childlessness, whether governments can and should counteract increasing childlessness, how the phenomenon differs across social strata and the role economic uncertainties play. In addition, the book also examines life course dynamics and biographical patterns, assisted reproduction as well as the consequences of childlessness. Childlessness has been increasing rapidly in most European countries in recent decades. This book offers readers expert analysis into this issue from leading experts in the field of family behavior. From causes to consequences, it explores the many facets of childlessness throughout Europe to present a comprehensive portrait of this important demographic and sociological trend.

"No longer indispensable, no longer assured of our old carefully

crafted identities, no longer beautiful in the way we were at twenty or thirty or forty, we are hungry and searching nonetheless." From the author of *The Gift of an Ordinary Day*, this intimate memoir of loss, self-discovery, and growth will resonate deeply with any woman who has ever mourned the passage of time, questioned her own purpose, or wondered, "Do I have what it takes to create something new in my life?" With the candor and warmth that have endeared her to readers, Kenison reflects on the inevitable changes wrought by time: the death of a dear friend, children leaving home, recognition of her own physical vulnerability, and surprising shifts in her marriage. She finds solace in the notion that midlife is also a time of unprecedented opportunity for growth as old roles and responsibilities fall away, and unanticipated possibilities appear on the horizon. More a spiritual journey than a physical one, Kenison's beautifully crafted exploration begins and ends with a home, a life, a marriage. But this metamorphosis proves as demanding as any trek or pilgrimage to distant lands—it will guide and inspire every woman who finds herself asking "What now?"

Explores the alternative way in which people may become pregnant today and the humor, courage, pain, and joys of becoming a parent

Meet, marry and make a baby: That's how it's supposed to go, right? What happens when you start trying for a family ... and trying, and trying some more? How far do you go to achieve your dream of having children? So Close is the heart wrenching, exhilarating, devastatingly funny story of Tertia Albertyn's battle with infertility. Tertia wanted a baby so badly she went through nine IVFs. Most people give up after the third. I don't think I am being brave at all. I am just too terrified NOT to try again. In her worst nightmare she could never have imagined that making a baby would take her four years, each treatment bringing her and her husband Marko closer and closer to creating their family. During Tertia's journey everything that can go wrong does go wrong. Until, finally,

everything goes just right. Tertia is as hilarious as she is irrepressible, as approachable as she is knowledgeable. If you are struggling with infertility, have triumphed over infertility or have felt empathy with someone who is going through this experience, you will find a friend in Tertia.

A New York Times Notable Book of the Year: “ Unforgettable . . . Few have told such a compelling life-story as skillfully ” (San Francisco Chronicle). In the summer of 1992, on the eve of an American tour, singer/songwriter Ben Watt, one half of the Billboard-topping pop duo Everything But The Girl, was taken to a London hospital complaining of chest pain. As his condition worsened, doctors were baffled. He was eventually he was diagnosed with a rare life-threatening autoimmune disease called Churg-Strauss Syndrome. “ To paraphrase Joseph Heller, ” Ben says, “ you know it ’ s something serious when they name it after two guys. ” By the time he came home, two-and-half-months later, his ravaged body was forty-six pounds lighter, and he was missing most of his small intestine. “ Unfold[ing] like a page-turning mystery ” (The Los Angeles Times), and “ told with great wit and without self-pity, Patient is a sobering look at how life can suddenly be transformed into a humbling vaudeville of tests, IV ’ s, catheters, and bedpans ” (The New York Times Book Review). Injecting a frankness and natural humility into his “ funny, frightening, and piercingly vulnerable ” (Interview) chronicle of a medical nightmare, Ben writes about his childhood, reflects on family, and his shared life with band member and partner, Tracey Thorn. The result is “ a vivid, finely wrought look at having one ’ s future yanked away, and surviving physically and emotionally ” (Dallas Morning Star-Telegram).
