Play Money explores a remarkable new phenomenon that's just beginning to enter public consciousness: MMORPGs, or Massively MultiPlayer Online Role-Playing Games, in which hundreds of thousands of players operate fantasy characters in virtual environments the size of continents. With city-sized populations of nearly full-time players, these games generate their own cultures, governments, and social systems and, inevitably, their own economies, which spill over into the real world. The desire for virtual goods -- magic swords, enchanted breastplates, and special, hard-to-get elixirs -- has spawned a cottage industry of "virtual loot farmers": People who play the games just to obtain fantasy goods that they can sell in the real world. The best loot farmers can make between six figures a year and six figures a month. Play Money is an extended walk on the weird side: a vivid snapshot of a subculture whose denizens were once the stuff of mere sociological spectacle but now -- with computer gaming poised to eclipse all other entertainments in dollar volume, and with the lines between play and work, virtual and real increasingly blurred -- look more and more like the future.

A never-ending testament of how overpowering negative forces leads to living our greatest potential. Money in the Streets is more than one man's journey in hard-knocks New York. It's more than the recounting of risking it all to win. Told with heart and laced with the sentiment of tremendous gratitude, Barry Habib deftly weaves tales of his upbringing to take the reader back in time. From his childhood, where he'd pick up the discarded toys of other children because he had so few of his own to play with on into the sales world, where Habib got creative as a sort-of street vendor, Money in the Streets blends humor and hardship through the incredulous moments of Habib's life. He wrote this book to answer a compulsion to share what worked for him as he scaled the ladder—creating multiple successful companies, growing into an international speaker, and frequenting major media networks as well as producing various entertainment productions—most notably as the driving force and lead producer of one of the longest-running shows on Broadway (later made into a film): Rock of Ages. Habib offers his life as proof that you can keep going no matter what. He shares some of his most painful memories while also exulting in personal and business triumphs to encourage everyone to aim for the same. Of particular note are the mindset tactics in Money in the Streets that are road-tested and personal practices of Habib, who treats each day as a reason to be thankful. No matter the struggle, whether self-doubt, negativity, loss, stress, or being “stuck” in life, Money in the Streets is a resolution roadmap. An easy read that will play on the reader's every emotion, this standout work and Habib's voice are unforgettable. He writes as if you are the only person in the room...because to Habib, you are.

Addresses personal finance issues that are of relevance to today's world of high debt and disproportionate lifestyles, addressing such topics as credit cards, student loans, credit scores, insurance, and mortgages.
